

Preschool Classes

Thematic Units 2024–2025

We have chosen topics to help our children develop knowledge through real-life experiences and broaden their vocabulary while learning Spanish as a second language.

We will explore creative ideas through these monthly themes with a multisensory, interdisciplinary approach. Children will ignite their imagination and bring each theme to life in four weeks of wonder through cognitive milestones, music, art, dramatic play, storytelling, games, books, and experiments.
